Attestation

TÜV SÜD Industrie Service GmbH
Department Risk Management and Technical Due Diligence

hereby confirms to

NTT Global Data Centers EMEA GmbH

Voltastraße 15

65795 Hattersheim am Main

That at the time of the audit from January 17 to February 02, 2023, the technical infrastructure of the data centers

Multi-Site: FRA1-D, FRA1-E, FRA1-F&G, FRA1-H, FRA1-I,
FRA3-A, FRA3-B, FRA3-C, FRA3-D, FRA3-F, FRA3-G,
FRA4-A, RHR1-A, MUC2-A, MUC2-B, VIE1-A, VIE1-B,
BER1-A, AMS1-A, ZRH1-A

fulfills the requirements of

Tier 3 based on TIA 942:2010 - Annex G

reached.

According to the test report "505.030.880 Report Re-certification TIA942 NTT DC Multi-Site" dated February 22, 2023, evidence has been provided that the requirements are fulfilled in the following areas:

- Location of the Data Center
- Structural accommodation, structural fire protection, security
- Telecommunications: Connections, line routing, racks
- Power supply
- Lightning and surge protection system, equipotential bonding
- Cooling and air conditioning systems
- Fire detection and extinguishing systems
- Access control and monitoring equipment
- Cooling / air conditioning / extinguishing systems

The findings in the above-mentioned test report must be observed. This attestation is valid until February 22, 2026.

Munich, February 23, 2023

Gerhard Klein
Head of Risk Management Department
TÜV SÜD Industrie Service GmbH

Thomas Grischow
Lead Auditor
TÜV SÜD Industrie Service GmbH
